Playground Equipment Renewals 2024-2025

Community Feedback

To manage aging equipment, the City of Cockburn has an annual renewal schedule where end-of-life playground equipment is replaced with a new similar version.

Eight playgrounds were identified for the 2024-2025 financial year for playground renewal.

Between July and August 2024, the City invited residents to look at the design options for the playgrounds up for renewal and share their preferences with us.

Further Information and Next Steps

Thank you to everyone who participated and shared their thoughts on the playground designs. Residents living nearby to the parks receiving a playground renewal will be notified by the Project Team when installation is due to commence.
