"Brilliant idea – so needed! Too many people walk their dogs off lead at the park and construction of this area would mean more safety for all."

"Great idea. There is no option for off leash dog exercise in the area closest being jerovis bay beach. Would be great to have option within neighborhood. Radonich part is a busy park muchly used by local community. It is very underutilized and addition of dog enclosed area is fantastic"

"Not really interested as I like the area as is very multi purpose and broad space for lots of different people."

"I think it's a great idea. As a larger dog owner, it would be nice to socialise him off lead where other responsible dog owners do the same."
